SUPPLEMENT

January 1982 — February 1984

INTRODUCTION

This catalogue lists the "talking books" held by the Winnipeg Public Library and the Public Library Services Branch of the Manitoba Department of Cultural Affairs and Historical Resources. All audio cassettes for the print-handicapped added to these collections from January 1982 to February 1984 are listed in this publication.

This publication is a "Supplement" to the UNION CATALOGUE OF TALKING BOOKS produced in December 1981.

BORROWING TALKING BOOKS

The materials listed in this catalogue may be borrowed by any resident of Manitoba who is print-handicapped due to an organically-based impairment. Included in this category are persons unable to use conventional books for reasons such as failing eyesight, arthritis, multiple sclerosis, or a reading disability.

Residents of Winnipeg may borrow "talking books" directly from the Main Branch of the Winnipeg Public Library located at 251 Donald Street. Users outside Winnipeg should request material through their local public library.

Loan of all material is subject to availability and to the borrowing rules of the lending institution.

HOW TO USE THE CATALOGUE

Listed in this catalogue are all the **authors** and **titles** of the "talking books" described above. The entries are arranged alphabetically, with both author and title entries interfiled in the same sequence.

The following filing rules have been used in the production of this product:

1. Titles beginning with numbers file numerically before the alphabetical entries.
2. All words are filed exactly as written, i.e., abbreviations are not expanded before filing, "Mac" and "Mc" are not interfiled.

Below is a sample entry from the catalogue. There is one "detailed" entry for each work. This entry is usually under the principal author. "Brief" author and title entries either refer the reader to the detailed entry or provide only author, title, call number and location information.

two people, one held back
by pride, and the other
blinded by prejudice.
